

Neighbors joined us for our second annual WINTER BLAST on Sunday, March 6th. Everyone socialized with neighbors (as you probably haven't seen much of them this winter!) and learned more about our 2016 lake treatment plans.

Details:

- 2:00 -5:00 p.m. inside the new clubhouse at Autumn Grove Park (corner of Hamline & Lydia).
- From 2:00-2:45, we will have a presentation re: our 2016 lake treatment plans. As part of that, our DNR Representative Keegan Lund will review our new Lake Vegetation Management Plan, which we will be operating under starting this season. He welcomes public comment.
- There will be warm beverages, tasty treats, and outdoor games for the kiddies.
- We also have the adjacent ice skating rink reserved, weather permitting.
- If you would like to bring a treat to share, please feel free to do so.
- Despite the arctic temps at last year's Winter Blast, those that attended had an amazing time. This year's venue will be a little warmer and cozier, so we hope you can join us! A reminder will be sent out closer to the event date.
